Re: Mandurah Jetty Construction

Mandurah Jetty Construction has successfully completed a number of projects for Cedar Woods Properties over the past 10 years including;

- Mariners Cove Conservation Reserve Boardwalk
- Mariners Cove Marina
- Port Mandurah – decks in POS areas overhanging canals.

The company has undertaken this work in a professional manner and has met or exceeded our expectations. The works have been completed on time and budget.

The Mariners Cove Conservation Reserve boardwalk was undertaken in difficult ground conditions and a sensitive environmental area that required careful management and construction procedures. All of the works were completed to our satisfaction in this regard as well as to the standards of the Department of Conservation & Land Management at the time. This project was integral with our company being able to win a national UDIA award for environmental excellence in 2003.

I am happy to recommend the services of Mandurah Jetty Construction.

Yours faithfully

Ken Haustead
